Figure 1a - Display cabinet in Natural Oak with glass shelves and sides  
7ft tall and 20" wide

(These display cabinets are made to order)

# **INTRODUCTION**

## **WHO ARE WE?**

A small close knit team of men and women ranging in age from 17 to 70, mostly originally trained by Ian Edwards in the 1970s, 80s, and 90s.

## **WHERE ARE WE?**

In the Spa town of Harrogate, North Yorkshire.

## **WHAT DO WE DO?**

We make hand made, hand polished furniture on a small scale that, when finished, will last more than a human lifespan.

## **WHAT DON'T WE DO?**

We don't make upholstered furniture or chairs, or furniture that you have to build yourself when you get it!

## **WHAT ARE OUR CABINETS MADE OF?**

We use a combination of wood veneered boards with solid wood edges and solid wood frames on our doors.

## WHAT RANGES OF FURNITURE DO WE MAKE?

- (1) **V-MAXS** (Open adjustable racks for CDs / DVDs / Videos / Books etc)
- (2) **WIZARDS** (Rotating four sided cabinets for storage as for V-maxs)
- (3) **CHESTS** (Storage for CDs / DVDs / Videos / Audio Tapes / Mini Discs / DAT Tapes / 7" Singles / Sheet Music, or even clothes)
- (4) **JOANNAS** (Open towers for L.P. Storage in various sizes)
- (5) **VARISPACE** (Open storage for L.Ps. / Books, and 7" singles)
- (6) **BRUNSWICK** (Storage with doors for L.Ps. / Books, and 7" singles)
- (7) **X-NOX** (CD Chests combined with L.P. Cupboards)
- (8) **JT – HI-FI** (Open fronted and closed fronted cabinets for hi-fi etc.)
- (9) **ORPHEO** (Cabinets for sheet music with doors)
- (10) **TV** (For TVs and associated equipment, and / or DVD Storage)
- (11) **COMPUTER DESKS** (Made to order)
- (12) **BOOK SHELVING** (Made to order)
- (13) **SPECIALS** (Made to your requirements, combinations of the above, bedroom furniture, wardrobes etc)

## WHAT CAN MY FURNITURE LOOK LIKE?

All the above ranges of furniture can be made in various 'styles', these in combination with the wood and fittings chosen give an extremely varied range of 'looks' that it is possible to choose from, for a piece of furniture for any given purpose.

## WHAT ARE THE STYLES THAT ARE AVAILABLE?

We have made cabinets in many styles over the years for example 'Victorian' and 'Art Deco' but at present our standard styles are as follows:

- **'Georgian'** – (Georgian inspired traditional looking furniture)
- **'Current Edwards'** – (This is an understated fairly timeless style that can be made to look more modern or more traditional depending on the choice of fittings and colours used)
- **'Spa'** – (A luxury contemporary look that although modern looking shouldn't look dated in 20 years time)
- **'Cubic'** – (Crisp no fuss modern furniture for maximum strength and maximum storage)

The four Chests illustrated (Pages 4, 5.) show these four key styles, which can be seen throughout the brochure applied to other ranges of furniture, such as record cupboards.

## WHAT ARE THE WOODS AVAILABLE?

We have a wide variety that fall into three main categories which affects the price.

- (1) **STANDARD WOODS** (As priced on price list)
- (2) **TROPICAL WOODS** (10% more expensive than standard woods)
- (3) **EXOTIC WOODS** (20% more expensive than standard woods)

### LIGHT COLOURED STANDARD WOODS:

Oak,

Ash,

Maple,

Beech,

Pine

### DARKER COLOURED STANDARD WOODS:

Cherry,

Elm,

Stained Oak,

Stained Mahogany

### STAINED OAKS AND MAHOGANYS (also standard woods):

Both oak and mahogany are often stained; we have a standard range of colours, which are as follows:

**OAK** – Light,

Medium,

Golden,

Dark,

**MAHOGANY** – Standard,

Brown,

Golden,

Antique

### TROPICAL WOODS

Teak,

Black American Walnut

### EXOTIC WOODS

Rosewood,

We have colour samples available for people unsure of colours. If none of our standard colours are suitable, it is usually possible to mix up a special stain.

## CUBIC STYLE

Finish - Maple/Mahogany

## GEORGIAN STYLE

Finish - Rosewood

## CURRENT STYLE

Finish - Antique Cherry

## SPA STYLE

Finish - Cherry

## What Fittings Can I Have?

Our furniture is supplied with a standard range of handles which are:

Wood knobs, antique brass knobs, brushed chrome knobs, Georgian style drop handles, Regency ring pulls, and bar handles.

We also have a massive range of alternative handles etc. that we can get if none of the above are suitable, or in some cases a customer may send their own.

We use brass 'piano hinges' or 'chrome hinges' dependant on customer requirements.

Our doors are let into solid wood rebates with magnet catches.

## How do I go about ordering a Cabinet?

An order can be made by filling out the yellow order form and returning with a cheque for 1/3rd of the total cost, or can be made by bank transfer.

As the brochure is somewhat complicated please feel free to telephone for help in making an order, or to discuss requirements.

## How do we get the Furniture to You?

We usually bring your furniture to you except in the case of our overseas and some of our more inaccessible customers, for whom we use an international removal company (see our yellow order form for details). Some customers elect to make their own arrangements.

# OUR RANGES OF FURNITURE

## (1) The V-Max Range

V-Maxes are made up to 15 CD shelves high (91½"), 24" wide, double widths, triple widths and special widths are available.

Mainly designed for CD's with enormous adjustability for DVD's, video tapes, books, etc.

Wall mounted designs are also available.

They can also be made with, glass doors, wood framed glass doors, wooden doors, or wood framed doors (see price list).

Figure 1 (Left) - The 12 shelf V-Max illustrated can hold 660 CD's or can be set up to hold 320 DVD's.

Figure 2 (Right) -  
double 7 Shelf V-Max in Light Oak,  
with wood framed glass doors.

Capacity 770 CD's  
The unit is: 39" wide,  
47½" high, and  
8½" deep

## (2) The Wizard Range

### Adjustable Shelving Rotating Units

For CD's, DVD's, Books, Video's, or any mixture of these. The Wizard rotates smoothly on bearings, even when fully loaded.

The Wizard is only made in the style illustrated. The wizards all have octagonal bases apart from the new Micro Wizards, which have square bases.

Figure 3 (Below, Left) - The Super 13 Wizard holds 1,976 CD's.

The new Micro Wizard for smaller collections has a square base rather than an octagonal one, and is made in a choice of heights, from 5 to 8 shelves.

Figure 4 - The Micro Wizard shown below has 6 shelves and holds 576 CD's.

# Wizards rotating adjustable-shelf storage units

Super 14	Academic	Super 13	Standard	Mini
2296 CD's	(Books)	1976 CD's	1536 CD's	960 CD's
25½" sq	24" sq	24" sq	21½" sq	18¼" sq
				
Turning circle diameter 35¾"	34"	34"	30½"	26"
Height 87¼"	81¾"	81¾"	75¾"	63½"

### (3) The Drawer Chest Range

This is an ever expanding range!  
The chests are available in all our styles or to a style specified by the client.  
We have our own unique system for dividing up the drawers inside (see specifications).  
We have designs for CD / DVD / Video / Mini Disc / Audio Tapes / DAT Tapes / 7" singles / or even clothes. It is possible to have a chest with a combination of drawers for different uses all in the same cabinet. Because of the huge number of different uses available it is not practical to give prices for all the permutations. However a price can be obtained very quickly by means of a telephone call. Our price list shows the prices for CD and DVD chests, in our various styles.

Information on our chests

- 1- The drawers pull out fully on extending metal runners that are rated at 63kg (10stone)
- 2- Are designed with clearance for those CD's in boxes, so that spines of CD's, DVD's etc. face upwards for easy reading.
- 3- Each drawer is divided into channels by partitions which run from back to front of the drawer. (See figure 5 and 6).
- 4- The partitions have notches in them to hold a thin piece of fibre-board which holds the CD's upright, which can be moved backwards and forwards as the drawers fill up.
- 5- The partitions are set at different widths depending on what the drawer is to be used for.
- 6- Most of the CD chests come in 2,3,4, or 5 channel widths.
- 7- DVD chests are usually made In 2,3, or 4 channel widths.
- 8- The side depth of the cabinet is the back to front measurement (see figure 7)
- 9- Our chests are usually made in a choice of 2 standard side depths, 15 ¼" and 19 ¼".
- 10- The side depth chosen effects the capacity of the drawers (see figure 8)
- 11- Other depth chests are made to order.

with ANTIQUE BRASS KNOBS**

**Figure 11 – OAK ‘CURRENT’ STYLE CHEST**

#### **(4) The Joanna Range (tall towers for LP's)**

These are made in Current, Cubic or Georgian style, the one illustrated is Cubic (figure 12, below left).

The advantage of the Cubic style for these towers is that they can be butted up side by side, along a wall.

They are extremely strongly made; the 20" wide 6 tier weighs 250kg (39stone) when fully loaded, and will last more than a lifetime.

This range is made in 5 or 6 tier height and 20, 30, or 40" wide (see price list)

Special widths can be made to order.

**Figure 12: Joanna**

**Figure 13: Varispace**

#### **(5) The Varispace Range**

This range covers our open fronted record and book shelving furniture and is available in Current, Georgian, Cubic and Spa styles.

These units are made up to 64" wide and 6 tiers high.

Special sizes can be made to fit almost any space (see figure 13, above right)

## (6) The Brunswick Range

These are again for records and books but have wooden doors on them, they can be made in any of our styles.

The price list refers to wooden doors however they can be made with wood framed panelled doors, wood framed glass doors, or free hanging toughened glass doors. (see figures 14, 15, and 16)

The image above (Figure 14) is of a Teak Brunswick and it is in 'CURRENT' style.  
This is a 3 Tier cabinet and is 40" wide

Figure 15 (Below) is a Victorian style Brunswick. This particular one is 5 tiers high and is 40" wide. to put all your L.P.'s into.

Figure 16 (Above) Is a 'SPA' style special Brunswick in Cherry. This has raised and fielded panelled doors. This is also adapted inside for HI-FI, DVD's and L.P.s.  
This particular unit is: 101" high  
32" wide  
14" deep

## (7) The X-Nox range

These are units that are a combination of a drawer chest with a cupboard usually for L.P.'s or HI-Fi. They can be arranged with the cupboard above the drawer section or with the cupboard to one side of the drawers depending on the customers requirements. They are available in all our styles and the drawers can be for any use.

Figure 17 Current style  
26  $\frac{5}{16}$ " wide x 80" high x 19  $\frac{1}{4}$ " deep  
Light Oak,  
holds 500 L.P.'s  
200 Cassettes  
640 CD's

Figure 18 Cubic Style  
28  $\frac{5}{16}$ " wide x 81  $\frac{5}{16}$ " high x 19  $\frac{1}{4}$ " deep  
Maple  
holds 500 L.P.'s  
800 CD's

Figure 19 Current Style - 40" wide x 34" high  
Oak with Mahogany edges  
Is a CD, DVD, L.P, and HI-Fi combination

## (8) The JT Hi-Fi Range

These can be built in any of our styles and are mostly made to order due to the vast range of people's requirements. (The ones illustrated are priced on the price list to give an indication of the cost of various types, Figures 20 - 25)

They can be built with lift up lids for turntables and can have CD and/or L.P. Storage incorporated into them, either below or at the side. They can be open fronted or have various types of doors. They have adjustable shelves that are scalloped out at the back to allow wires to pass between them and have vented backs to allow ventilation, and for plugs to pass through.

We have coded six types of JT unit as examples of some of the permutations possible, these are JT 1, 2, 3, 4, 5, and 6. (see figures 20 – 25, and price list)

Figure 20 - JT 1 (open fronted hi-fi units)

The above image is a Cubic Style JT unit in Maple and has adjustable shelves. The unit is: 32" high  
21" wide  
15 ½" deep

Figure 21 - JT 2 (Hi-Fi unit with doors)

The above image is a Mahogany Georgian Style JT unit with wood framed glass doors. The unit is: 31" high  
18 ½" wide  
18" deep

Figure 22 - JT 3 (Hi-Fi units with doors and drawers for CD storage)

The above image is a Current Style JT unit in Cherry and has wood framed glass doors with 3 CD drawers. The unit is: 48" high  
21" wide  
19 ¼" deep

Figure 23 - JT 4 (Hi-Fi units with lift up lid for turntable and doors)

The above image is a Georgian style JT unit in Golden Mahogany and has wood framed glass doors. The unit is: 32" high  
18 ½" wide  
18" deep

Figure 24 - JT 5 (units with lift up lid for turn table, 2 doors for hi-fi, and drawers for storage)

The above image is a Current Style JT unit in Oak and has wood framed glass doors and 1 CD drawer. The unit is: 51" high  
21" wide  
19 ¼" deep

Figure 25 - JT 6 (open hi-fi stands built to the customers requirements, priced per tier, see price list)

The above image is an Oak stand (JT 6) the unit is: 36" high  
24" wide  
17" deep

## (9) The 'Orpheo' Range

These are for storage of sheet music. They can be made in any of our styles and contain adjustable shelving (see figures 26- 27)

Figure 26 (Left) - 'Orpheo' cabinet in Current style Mahogany.

The unit is: 50 ½" high  
16" wide  
12" depth

Figure 27 (Right) - Double 'Orpheo' cabinet, Georgian style in Mahogany with wood panelled doors.

The unit is: 52" high  
32 ¾" wide  
12 ¾" deep

**Drawer Chest's for sheet music are made to order ...**

## (10) The TV Cabinet Range

These are all made to order and can be in any style. They can be designed to hold the TV on top with spaces below for equipment or drawers for DVD's etc, or the TV can go inside the cabinet behind doors. When the Television is stored behind doors the back of the unit is usually cut out to allow sound and heat out and air in to it.

If plain wood doors are chosen it is possible to have them hinged so that they fold back on themselves, to the side of the cabinet

Figure 28 (Left) -  
TV cabinet 'Spa' style in Cherry, with  
wood panelled doors and storage for  
DVD, Video, and Cable equipment.

The unit is: 44" high  
36" wide  
21" deep

## (11) The Computer Desk Range

These are made to order in any style to customers specifications.

Figure 29 (above) - The computer desk is Cubic style and is in Oak.

The unit is 29" high  
42" wide  
19 1/4" deep

## (12) Book Shelving

Please note: We can make any size in various wood types not only those listed.

### Examples of recently made book shelving

A Cherry 10ft x 8ft, with fixed shelves  
Full price £4,800

An Oak 10ft x 4ft with all shelves adjustable,  
this example is shown in the SPA style.  
Full price £2,940

## ASSORTED ASH UNITS EDGED IN OAK
